

## Shape Indonesian Youth's Knowledge of the United States

Project Title	Shape Indonesian Youth's Knowledge of the United States
Project Summary	Be the window into America for Indonesian youth as the @america Cultural Products Developer. @america is the U.S. Embassy's American Cultural center located in Jakarta with a mission to provide a space for young Indonesians to learn about the United States, its policies culture & shared interests.
Country	Indonesia
Agency	Department of State
DoS Office	N/A
Post	JAKARTA
Section	PAS
Number of Interns	1

## Project Description

The first project is creating a library of 10-12 social media videos that appeal to youth. The intern will edit online videos to create social media friendly 2-3 minute videos from our numerous 2-hour archival recordings of @america programs. The intern will determine select the key content from the existing recordings to make the succinct social media friendly videos.

The second project will be producing a draft for a digital poster show. The draft will be a 15-20 slide deck on a cultural aspect of American history, geography, politics, or experience. Each slide includes one feature image and a carefully-researched, fact-based & attributed statement. Topics are determined by Mission goals, with applicable input from the intern's interests & experience. For example recent digital poster shows include jazz, national parks, & inventors. If interested, applicants could develop the final digital poster show under guidance from @america's digital editors.

## Desired Skills Interests

## Additional Information

Videography skill = Video editing
